This celebrity news is pretty surprising! How do you know when you've begun dating around too much?

Cupid's Advice:

There are definitely merits to playing the field, but then again, too much of a good thing doesn't usually turn out positively. Cupid has some signs that you've been dating around too much:

1. You can't name your last three dates: If you're having a hard time remembering who you last went on a date with, and who was before that, and who was before that, you might have an over-dating problem. If you're looking for a relationship and aren't just dating around to date around, consider taking things a little bit more slowly and trying to get to know your dates prior to going out with them.

2. Kissing has begun to lose its meaning: At the end of most of your dates, you're no doubt giving them a kiss goodbye, if there's at least a little spark of attraction there. If this is just run of the mill for you and no big deal, then it's probably time to take a step back and reassess your dating life. Kissing should be meaningful!

3. He never called, and you didn't notice: If, after a date,

someone doesn't call you, usually you're hyper aware of that. If you don't even notice, that's a bad sign! It means you're not invested in the dates you go on and you're just playing the field for no reason. Consider pumping some feeling back into the game!
