this celebrity baby anytime soon! What are some ways to know your partner will be a good parent?

Cupid's Advice:

Deciding whether your partner is parent material is a big deal. You don't want to be hung up on somebody that isn't going to stick around. Cupid is here to help:

1. He's great with kids: If your partner has had younger siblings or little cousins, they might be more equipped to handling children. This experience may or may not have pushed them in the direction of kids. It's best to know where he stands before you assume he's going to be a good daddy.

2. He's mature: This doesn't mean he is unfun or serious, but that he is ready to commit to you and your potential kids. He's not playing around with your feelings and he doesn't plan on going anywhere. If it's real for him and it's real for you, there's nothing stopping you from taking your relationship to the next step.

3. He's "the one": Only you will know when you and your partner are ready to have kids. Talk to him about it and decide together if that's something the both of you would consider. When the time is right, take the plunge together.
