This celebrity news has us shocked that someone so successful could have trouble finding guys to date! What are some ways to attract the kind of people you'd be interested in dating?

Cupid's Advice:

Even when you're Selena Gomez, finding good guys is difficult. In order to have a successful relationship, there needs to be some level of compatibility between two people, and to find that you need to attract the right type of people. Cupid has some tips:

1. Know yourself: The first step to attracting people you'd be interested in dating is knowing what kind of people you're looking for. Evaluate what you personally need from someone you'd be dating, and only spend time with people who bring that to the table. You should also do your best to be yourself, because you'll only attract people you'd actually click with if you behave like your genuine self.

2. Birds of a feather flock together: Know what type of person you're looking to date, and go to a place where you'd find those type of people. If you're not into partying, don't go looking for your prince charming in a bar. If you're looking to date someone fit, hit the gym. If you're looking to date someone who works hard, consider someone in your work place or

someone a co-worker knows.

3. Keep an open mind: While knowing what your ideal man or woman would be like is important, it is also important not to count people out because they don't check all of your boxes. Keeping an open mind and considering more than one type of person will give you many more people to choose from, and you'll attract more suitors.
