**Should you get married just because you want children?**

**Cupid’s Advice:**

Nowadays people have marriages without children and have children without marriage, yet they are still perfectly happy. Cupid has a few things to consider:

**1. Think about the children first:** It’s not a question of

whether or not you are married, but about into what kind of an environment you are bringing children.

**2. Do what makes you happy:** If you really want children, don't feel that you have to wait until you get married or promoted. Do what you feel will make you happiest at the time.

**3. Don't crack under pressure:** There's always pressure from your family and friends to have children once you hit a certain age. Peer pressure is never a good reason to reproduce.
