Cupid's Advice:

Relationships can be tricky, but it is good to always have an open mind when you're with someone. Cupid is here with some [relationship advice](#):

1. Act, don't react: If your partner is trying to confront you about a problem the two of you are facing, it is best to act upon it instead of getting upset over it. Reacting in a negative way can cause a fight, and you don't want that happening! Maybe there's something you can do to change for the better, as opposed to getting defensive.

2. Be flexible: In a relationship, not everything is going to go as planned. You can walk in with high expectations of how you perceived your partner to look and act, but they may not always be who you planned, and that's okay. When you meet

someone new and you feel a connection, don't judge the other person based on a preconceived notion of what you wanted.

3. Ease your temper: Things will happen in a relationship that you will not like, but instead of blowing up on your partner, you have to try and calmly talk it out. Nothing will be solved with a short temper, it may even make matters worse.
