Cupid's Advice:

For some people age is just a number, but others find that a difference may come with challenges. Here are some things to consider when there's an age difference between you and your partner:

1. Different outlooks: Age gaps in relationships may define each of your perspectives when it comes to life. The older person in the relationship may see the world from a different lens than the younger person. Outlook can shape a relationship and hopefully you and your partner can sometimes see eye to eye.

2. Separate tastes in humor: Like an outlook, humor might be different between you and your partner when it comes to age. Sometimes you or your partner may laugh at something that the other person may feel is insensitive or not amusing. Laughter helps a relationship, but surely you can both find something to giggle over.

3. Criticism from others: The most popular problem of an age difference while dating is what others say. It's up to you and your partner to decide whether it will effect your relationship negatively or not. As long as you both care for

each other, then to try make it work!
