Cupid's Advice:

When you learn that your partner is into someone else, it's

not a good feeling. That said, it is possible to prepare yourself. Here are a few signs that may indicate that your partner is interested in someone else:

1. Constant correspondence: If your mate is constantly texting, emailing or talking to someone of the opposite sex, it may mean that he or she has an outside interest.

2. He's glad to hear from her: If your beau smiles or seems happy to hear from another girl, it may be cause for alarm. While it 's very possible that the two are just friends, it's also possible that he likes her as more than that. It may be time to investigate!

3. You seldom hang out with her: If your significant other dislikes meeting up with his "friend" with you in tow, it may mean that he or she is trying to hide his new love from you.
