Cupid's Advice:

Supporting one another in a relationship is a given! Cupid has some relationship advice on ways to support your partner's journey toward their career path:

1. Be their cheerleader: Sometimes when following your dreams, things can get rocky, and what we really need is a support system. Be respectful of their feelings and listen to them. Show your partner you understand, support them by acknowledging their negative feelings and encouraging their positive ones. Don't forget to cheer them on as well. Lift them up when they're at their lows and their highs. Words of encouragement go a long way.

2. Offer help: Sometimes your partner may need an extra mind, a different perspective. Sometimes a shoulder to lean on. Discuss the obstacles and the solutions to those obstacles together. Helping them in any way you can in any aspect of their life can help their career one. Be on the lookout and see what your partner may need. You both are a team, and you have to be in it together to win it.

3. Stay involved: While being a cheerleader and offering help to your partner, you of course have to stay involved. Keep yourself updated with their journey and what's going on with them mentally and emotionally, and vice versa. Neither you or your partner should become isolated from the other. Pursing a career can take up a lot of time and effort, but staying involved with one another is also important when in a committed relationship. Keep lines of communication open at all times, and keep up with as much optimism as possible!
