if your partner is cheating?

Cupid's Advice:

Cupid has some [relationship advice](#) for you! Certain things aren't black and white. There are red flags that can insinuate that your partner may be cheating, but there is no fool proof way of knowing without hard evidence. The important thing is to not jump to conclusions right away. However, there are some things that you just shouldn't ignore, and here they are:

1. They're extra secretive with their phone: One thing is wanting to protect your privacy, but it is a whole other thing to guard your phone with your life when around your significant other. If your partner pulls away whenever they're texting or typing in their phone code, or they take their phone everywhere they go every single time – then this is a red flag. Something may be up.
