These celebrity exes might be rekindling their romance. What are some benefits to giving a past relationship a second try?

Cupid's Advice:

Some past flames are not worth a second chance, but some relationships do end on a note where time can do the pair well. If this is the case for you, here are some benefits as to why giving it a second go is a good idea:

1. You already know one another: Although people sometimes change, you already know things about your partner and the relationship you had. This can give you a sense of comfort and trust. You both hopefully learned the same lesson from the first time as well. It will also be nice to get to know any new sides of them that they developed during your time apart.

2. You know what didn't work before: So now you can make it better. You already had your trial and error periods that you can leave behind by taking what you've learned into your current and improved relationship. Hopefully this time around can take less work. You will face new problems, just hopefully not the old ones.

3. You have history: This creates a real bond. The fact that you both knew each other a while ago and made tons of memories definitely helps with that bond. This can create a stronger sense of intimacy and will help you connect quickly this time

around. It is important however to leave past mistakes behind, but never neglect to take them into account when it comes to bettering your relationship – just don't hold grudges.
