#### **Cupid's Advice:**

Every relationship experiences its rough patches, but it's what you do during those times that determines the fate of that relationship. Cupid has some tips:

**1. Spend more time together:** It is important to spend time with each other in general, but when things start to get rocky, sometimes you need that positive reinforcement. Communication is key, but it's not always enough on its own. In an instance like this, sometimes we need our partner physically there. Their presence eases our minds and shows that they are there and willing to work through things.

**2. Compromise:** Maybe you two are arguing about who didn't do dishes. Sometimes you have to throw the whole argument away. Talk about what's bothering you, and if it can be negotiated, then work on some type of agreement. There's no need to start a war over a minor battle.

**3. Space:** In some instances, you may need space from each

other. Depending on the issue at hand, your partner may be having a hard time communicating, and you may need to give him or her some space to gather their thoughts. Make sure you both understand this isn't a break up, just some time to gather thoughts before having a discussion.
