Cupid's Advice:

What should you consider in regards to timing in a relationship? Cupid shares some tips:

1. Getting to know the person: It can take a while to truly get to know a person. If you're planning on spending the rest of your life with someone, it is important to really understand that person, and it can be difficult if the relationship is fast paced.

2. Where you and your partner are at in your lives: If neither of you are in a good place, getting into a relationship may not be the best idea. That person may be a good support system, but if you're struggling with something personal, it can be hard to rush into a relationship.

3. Age is a factor: Most people will argue that this is just a number, but if you act differently than your age, you might not be ready for a relationship. You and your partner should be on the same page, and age could put a wall between you and your partner.
