With all the competition that exists online, you can't afford to be boring. You need to make sure your email stands out

from everyone else by making it fun, engaging, and interesting. The best approach is to scan the profile for something interesting about the other person, think of something playful to say, and then follow that up with a question. Once you do this a few times, you'll get the hang of it and be able to do this on autopilot in a relatively easy manner.

Start initiating messages

Here's a little secret. Often times the highest quality men and woman are not initiating conversations online, nor are they performing searches. Why? Because the more successful and well-rounded people are in their personal life, the less time they often have to spend on dating sites.

So while you might be waiting around for someone special to send you an email and sweep you off your feet, the irony is that they might not even know you exist. The best way to ensure that you get dates with the highest quality people is to actively perform searches and show up in their inbox with an incredible message and profile to match.
