Cupid's Advice:

Adding a new bundle of joy to your family is absolutely amazing! While you immediately jump into the parental role 24/7, remember that while you are a parent, you are also a spouse to your partner! Here are some of Cupid's tips to keeping the spark alive in your relationship when you have multiple kids:

1. Make time for yourselves: As much as you love your kids, you have to admit after watching them for hours on end, you leave yourself feeling very drained. Have you and your partner set a day perhaps every other week where you go out on a date or try something new.

2. Start a new hobby together: After having multiple kids, it might seem like your entire lives revolve around them, 24/7. Have you and your spouse try a new hobby together, whether it be starting a new book together, a sport, art, anything! Starting a new hobby together not only gives yourself something to focus on your attention on, but gives you and your spouse another discussion topic, aside from your kids.

3. Set boundaries: Set a calendar for yourselves! Have a certain day where you lock your bedroom door, so you aren't

interrupted in the middle of the night by someone wanting to join you in bed, or even just set certain nights where it is time for you and your spouse to improve your relationship (in more ways than one!).
