Cupid's Advice:

When falling in love there's no guarantee. The possibility of pain is around every corner. However there are tell tale signs that your partner is the real deal. Here is dating advice on how to tell if they're leading you on:

1. Listen to your gut: First things first, always listen to your gut. If there's a nagging feeling from something primal in your body, it's probably right. Do a little investigative work into what instinct is telling you.

2. Listen to what they're really saying: If you find yourself in a Haley situation, where your partner is saying 'I love you' but keeping the door to others open: actions speak louder than words. Some people will say anything to keep something good around, but remember that the way someone treats you is the true test to if they value you.

3. Listen to others: So your friends and family raise an eyebrow every time you tell a story about your flailing significant other. Clearly they think this partner's not good enough for you. If their reasons go beyond the shallow (ie: money, looks, etc.) then put stock into what they're saying. They want someone to treat you right even more than you do.
