There are some benefits to being open about intimacy with someone who has the potential to become your partner. Here are Cupid's tips on positives to being open about intimacy:

- 1. Earn respect:** Whether you're being open about honesty to

earn respect or because you want to gauge how much your potential partner will respect your views on intimacy, being open about your sex life can tell you a lot about someone by the way they react to the conversation. This can be the difference between finding your life partner or just another online date who will ghost you in after a few dates because you wouldn't sleep with them.

2. Get what you want: Being open about intimacy will ensure your partner or potential partner know what you expect. You need to have a conversation before you're intimate with them. What do you do if birth control fails? What if they want to do something weird you *don't* want to try in bed? Are you worried about sexually transmitted infections? Would it make you feel better if you're both tested before you take the next step to play it on the safe side? The only way you will be able to communicate any of this is to be open about intimacy.
