Cupid's Advice:

Wanting to move on after a split is expected, but easing into this is the best way to go. If you are looking to ease into a new relationship after a split, Cupid has some advice for you:

1. Take it slow: Once you get into a new relationship after a recent split you want to make sure that you're taking this slow and steady. If you jump into a new relationship too quickly, you may still have feelings for your ex and not even realize it, and you don't want to bring that into your new relationship. The best thing to do is to take it slow to ensure that you're doing it for the right reasons.

2. Be open and honest: Don't be afraid to tell your new partner that you just got out of relationship. If they care about you then they'll understand. Hiding it from your partner will just start your relationship off on the wrong foot. Be real, be honest, and be truthful.

3. Don't compare the two: It'll be easy to compare your ex to

your new partner as everything is still so fresh. Do your best to keep the two relationships as separate as possible. Don't compare them to each other, take a new and fresh attitude to your new relationship.
