Cupid's Advice:

New babies bring joy and happiness to the entire family and all of your close friends. Sometimes trying to tell everyone about the arrival of your baby can be a hassle and seem extremely repetitive. If you are looking for ways to announce your new arrival to the people closest to you, Cupid has some advice for you:

1. Use social media: Instead of calling or texting everyone one by one you can do what Nikki and Artem did and post something to social media letting everyone know about your new baby. That way you know that all of your followers know and your friends and family can congratulate you through the comments.
