Cupid's Advice:

Every marriage has its issues, but it's how you handle them that counts. Cupid has some ways to keep your problems from curious out-

siders:

1. Discuss in private: Although you may have the urge to talk to your partner about an issue you're having immediately, do all that you can to keep it inside until the timing is right to discuss it ... which is when you're not in public.
2. Don't spill to friends: When you're angry with your mate, it can be tempting to run to your friends to complain. This will only serve to make things worse. Make sure to confront your significant other before confiding in your pals.
3. Interact in public minimally: If the problems in your marriage are big, it's probably best to stay out of the public eye together. The temptation to fight despite the fact that you're in front of people can sometimes be too great when your issues are major. Practice some independence from each other during this time.
