What are some signs that your partner is cheating on you?

Cupid's Advice:

Are you suspicious that your partner is sneaking around? It's important to trust your gut. Cupid has some tips:

1. Change in behavior: If your significant other is suddenly overly nice or incredibly rude, it might be a sign that something's up. Also, if you feel like you can never trust anything they're saying because the story never adds up, it's probably something you'll have to explore.

2. He's avoiding you: When they're constantly hanging out in a group of friends without you or is claiming to "be too busy to spend time with you," it's time to ask deeper questions.

3. His appearance has changed: You may have noticed that looks have suddenly become a priority to your mate. If he gels his hair or has started trending a new wardrobe, it's possible he's trying to impress someone besides you.
