

Rumor: Are Rihanna and Rob Kardashian Dating?

 By Erin Minty

In Hollywood this past Saturday, sexy songstress Rihanna was spotted out with the 25-year old reality star Rob Kardashian. The two joined a group of friends for a night of go-karting at Racer's Edge Indoor Karting, reports UsMagazine.com. Both of the celebrities have been known to have dating issues. Early in December, Kardashian was rumored to be dating singer Rita Orta, who was recently seen with Rizzle Kick's Harley Alexander-Sule, and Rihanna's shocking fallout with her ex Chris Brown have left the two single. Maybe this new pairing will work out better for them than their last attempts at love.

What are three important questions to ask on a first date?

Cupid's Advice:

A first date can be very nerve-wracking for anyone looking for love. Here are a few helpful questions that you should ask on your first date with a potential partner:

1. What type of relationship do you want?: If you are looking for someone to settle down with and the person you are out with is just trying to have some fun, the odds of the relationship working out are extremely slim. You need to know what your partner is looking for in a relationship, so setting some ground rules may be a good idea before getting in too deep.

2. What do you look for in a partner?: Hopefully, the qualities they are looking for are qualities that you possess.

This is one surefire way to know if the relationship is set up for disaster. By asking this question, it can give you great insight on the type of person for whom your date is looking.

3. What do you like to do for fun?: This seems like a simple enough question, but it can let you know a lot about the person with whom you are out. If the things that they list are things you also enjoy, then there is a good chance of a connection between the two of you. If not, however, this shows that the two of you probably don't have a lot in common, which would make a relationship difficult.
