**What are some ways to feel attractive after having a baby?**

## **Cupid's Advice:**

Having a baby is a huge ordeal, as caring for a newborn is a lot of responsibility and pressure. Here are some tips on how to feel more attractive after having a baby:

**1. Go out:** Just because you have a baby, doesn't mean you can't enjoy a night out on the town. Have a date night with your partner or a girls' night out to raise your spirits and give you something for which to look forward. The more fun you're having, the less you'll feel self-conscious. Having a baby does not change your identity – you're still the same beautiful person you were before your pregnancy.

**2. Pamper yourself:** You feel your best when you look your best. If you've been feeling a little low, treat yourself. Perhaps go for a nice relaxing massage or go for that pedicure you've been putting off because you can't find the time.

Schedule some alone time in so that you can enjoy a little relaxation time. You deserve to indulge every now and then.

**3. Be productive:** Sometimes we feel unattractive when we feel unproductive and have nothing to do. Go to the gym, put the baby in the stroller and go for a walk around the park. A little movement and change of scenery does a lot, especially if you've been stuck in the house between the later stages of pregnancy and caring for a new baby.
