What are some good changes your partner can inspire in you?

Cupid's Advice:

Being in a relationship changes you in both good and bad ways. If you're lucky, your partner will inspire you to be a better person, teaching you how to love more and allowing you to be your best self. Here are three positive ways that your significant other may change you.

1. Passion: Being with another person who accepts you for who you are enables you to feel passionate about your relationship. You'll feel thankful to share your life with someone so wonderful. You'll want to spend all of your time with your partner, making them better just as they make you better.

2. Tolerance: Every relationship requires work; it wouldn't be a relationship if it were easy. Your mate will teach you how to build tolerance, including patience with yourself and your beau and respect for your relationship.

3. Compromise: Compromise is important to every relationship. Even if you think you and your partner are perfect for each other, you will still have disagreements. Learning to compromise will strengthen your love and also improve your relationships with other people.
