The two have an 8-month-old daughter together, and she is her mother's first priority. She says, "I'm learning about myself all over again. And as far as my daughter, I will never bring anyone into her life that I don't have a real connection with. I'm going to protect her. I don't just bring anyone into my life or her life." **What are some of the perks of being single?**

**Cupid's Advice:**

Being in a relationship is wonderful, but being single can be just as amazing. After all, you have to love yourself before you can begin to love someone else:

**1. Embrace independence:** Singles can breathe a sigh of relief because the only person they have to worry about is themselves.

**2. Self-reflect:** Flying solo means you have time to find yourself and figure out what you want from a potential future relationship.

**3. Enjoy being alone:** You are always your best company. So if your last relationship didn't work out, remember it's far better to be alone than in bad company.
