Cupid's Advice:

In an ideal world, we would have the perfect amount of time to devote to all our priorities, but that's not the way it is; instead, life is often a constant balancing act. No matter what you or your partner have going on, even if you two are in different countries like Pitt and his celebrity love Jolie, it's always important to make sure your relationship and love never takes a backseat to your business:

1. Designate weekly "us" time: Make time to put down the cell phones or the kids' projects and just be together. Whether this means that you have a weekly date night or you spend 30 minutes chatting at the end of the day, if you are both committed to it, your relationship and love will benefit.

2. Set boundaries: Every busy couple needs to set boundaries to keep their work life from getting in the way of their relationship. It may mean ignoring business calls and e-mails once you get home each evening or only traveling for two weeks out of every month. Whatever your rules might be, set them as a couple, reminding one another that they are meant to improve your partnership as a whole.
