There's no better way to commemorate how you spend your Valentine's Day this year than with selfies of you on a date or you hanging with the girls during a night on the town. But those awkward angles and one-handed pics can sometimes leave you with a less than stellar photo! If you haven't perfected

the art of a selfie yet, you can now make every picture a glamour shot with ShutterBall from Audiovox!

ShutterBall works by triggering the coordinating app on your phone to take a still or video, which means that you can wirelessly hold the ShutterBall in one hand with your phone in the other. You can even set your phone down to take that epic pic or footage that you've been dreaming of. Compatible with both Android 2.2 or later and Apple iOS 6.0 or later, this must-have phone accessory is simple to set up and easy to use. Just download the app, and you're ready to go!

Small enough to hold in your palm and with a convenient loop to keep your ShutterBall handy on your jeans, key chain, or purse, you'll always be able to snap the perfect photo. This Valentine's Day, give someone special the gift of a beautiful selfie!
