

Rihanna and Drake Are Off-Again

By Sanetra Richards

AubRih is over, once again. According to UsMagazine.com, after working out their differences a few months ago, Rihanna and Drake decided to give the dating thing another try – only for it to lead to a breakup. “Rihanna and Drake had another fight,” says a source. “He is too in love with her, which has always been the problem. They have been fighting, but that could all change any day now. It is how it always is with them.” The two stars were first spotted as a re-emerging couple in Paris back in February and by March the couple seemed to be hitting it off pretty hard again. However, at Rihanna’s Met Gala after party, her actor turned rapper [ex] boyfriend was not in attendance. A source added that the artists are “currently on yet another break.”

How do you know whether to get back together with an ex?

Cupid’s Advice:

There comes a time when the post-breakup emotions start to roll in and you find yourself contemplating whether or not you and your ex belong together. Cupid has a few things for you to keep in mind while considering:

1. The factors: Think about the reason why you and your ex parted ways. Was it because of infidelity? Was it because you could not agree on anything? Chances are, these problems will not go away if you decide to go another round – they are the reason why you all are not together today. Remember the saying, if you want different results, do something

differently.

2. The feelings: A lot of times, people allow their hearts overpower their intelligence. If you know for certain your ex is absolutely terrible for you, do not put in the effort trying to reconcile. Replay the good versus bad instances throughout your relationship. Question whether the good outweighs the bad. This could possibly lead you to the answer on if you and your former lover should work things out.

3. The change: One of the most important conversations to have with your ex before reuniting is how will the relationship change? If you two have not grown enough individually, then you should not want to risk it again. It will be a repeating cycle: same differences, same arguments, and same outcomes. Think about the failed relationship's faults and create methods to better them for the next time.
