What are some ways to support your partner's career?

Cupid's Advice:

A relationship is similar to a business partnership. There are strengths and weaknesses that both people bring to the table, and together, both parties become one. Cupid has some ways to support your partner in his or her career:

1. Ask for frequent updates: By having interest in your partner's career, it demonstrates your efforts to support what they are passionate about. If there is something weighing on their heart in the workplace, you are supposed to represent a safe haven where they can come to when they need advice or a shoulder to lean on. Ask questions about the projects they're working on, or clients they have and try to understand what your honey is doing on a day to day basis. Even make suggestions when he asks for a creative edge. This can also create a stronger bond for you and your love through the ability to connect on career interests.

2. Attend work related events: Like Meester and Brody, show the world how strong you are as a unit by being a united front. Attending work related events may or may not be interesting to you but it'll mean the world to your partner. A company party or a fundraiser is a great place to socialize with your man's coworkers. As his leading lady, you are the foundation to his passions, and number one supporter of his goals. Wow his bosses with your winning smile, and adoration for your love, showing that you support everything that he is about, and in turn, your sweetheart will do the same for you.

3. Make sacrifices when needed: Relationships are hard enough, trying to make two lives into one, so sometimes sacrifices are inevitable. If your love's job requires him to move to a different city, or work long hours, try being

accommodating to his needs. If this promotion will open doors for him, don't be the one to stand in the way. Love always finds a way to make things work, no matter the circumstances. Stay strong in your faith of your relationship and everything will work out in the end.
