Cupid's Advice:

Having the same career as your partner could be a challenge. Read ahead for some advice from Cupid:

1. Do not compare: Instead of talking about work later in the day with your beau, find other topics. This will make it less of a competition between the two of you.

2. Keeping it separate: Keeping your relationship separate from work is probably best in this situation. Having non-work related conversations and getting to do fun non-work related things can keep your minds otherwise occupied.

3. Getting away: Find a common interest outside of work, so that your work life isn’t all you have in common. Being able to relate on multiple levels is better than just one.
