### **Cupid's Advice:**

No matter how hard we try to be perfect, relationships and love are filled with flaws. But, fortunately, if you work hard enough at your relationship, you can create a near perfect environment with your partner that is filled with trust and understanding. However, you need to commit to building your relationship every day so that it can stand the test of time. How does one hit the ground running? Find out below!

**1. Be yourself from the beginning:** If you begin the relationship by trying to be a Stepford wife, what's going to happen when you crack under the pressure? To ensure success, be yourself from day one. This way, your significant other will have proven that you deserve to be loved just the way you are.

**3. Give each other the benefit of any doubts:** You've already built your relationship on trust. So, don't assume that your partner is doing something to irritate you. Maybe, they don't know that what they're doing is bothering you. Communicate to your partner what is bothering you without assuming the worst of them. Once it's out in the open, make adjustments.
