# In celebrity couple news, Tayshia Adams is down to her final three suitors. What are some ways to know that someone is right for you?

## Cupid's Advice:

Sometimes we encounter a person who we find both attractive and kind, but inevitably do not have the best chemistry with. These situations can be challenging because you may be reluctant to let go of someone when nothing is necessarily wrong, they are just not your perfect match. If you are looking for some ways to know that someone is right for you, Cupid has some advice for you:

**1. Your bond feels natural:** While it may not be love at first sight, creating a bond with someone should feel easy and natural if they are the right person for you. There may be awkward silences in conversations or mild miscommunications while you are getting to know someone, but the overall progression of the relationship should never feel forced.

**Related Link:** [Celebrity News: 'Bachelorette' Clare Crawley Says She's 'Going Through Things' After Thanksgiving with Dale](#)

**2. You're progressing at the same pace:** There is no set timeline that you need to follow when you are getting to know or dating someone new. However, the two of you should be progressing at relatively the same pace as the relationship continues. If one person is still holding back months into the relationship, it may be a sign they are not the right person for you.

**3. You don't feel stressed:** Your intuition is your best friend when starting a relationship with someone new. Sometimes we still feel stressed with things appearing to be going perfectly, which may be a result of some underlying factor you are avoiding. If the current situation you are in causes you to feel a constant low level of stress, it may be a sign that person is not your perfect match.

**Cupid's Advice:**

Every relationship is bound to run into issues at some point, whether it is early-on or after some time. While tough to navigate, these issues can point you to the areas of your relationship that need some more attention. If you are looking for some signs that your relationship needs help, Cupid has some advice for you:

**1. You've stopped trying to problem-solve:** In a healthy relationship, most issues are addressed with problem-solving and compromise. However, if these issues have caused you to avoid discussing possible solutions and led you to avoid the topic altogether, then it is a sign that your relationship needs help. Looking for new areas of compromise or different communication strategies may help you work through this rocky period.

This person should be considered a safe-space in your life, not someone you are looking to avoid.

**In celebrity news, Dean Unglert admits he had a difficult time accepting Caelynn Miller-Keyes' dating history, what are some ways you can prevent your partner's past from affecting your relationship?**

### **Cupid's Advice**

Dealing with your partner's past relationships can cause a lot of trouble in your own relationship. If you're looking for ways to keep your partner's past from affecting your relationship, Cupid has some advice for you:

**1. Don't spend too much time talking about it:** When you first start dating someone, the last thing they want to do is talk about their ex. If you focus too much on their past, or constantly bring up their exes, you will shift the focus from your current relationship to their past ones. Remember that there is a reason they are no longer with their ex, and by spending less time talking about it, you will avoid making it a problem within your relationship.

**Related Link:** [Celebrity News: New Bachelorette Tayshia Adams Defends Contestants After Taking Over for Clare Crawley](#)

**2. Don't get too caught up in their ex:** Another thing that can be detrimental is focusing too much on who your partner's exes

are. Refrain from stalking them on social media and trying to learn more about their life. This will only make you compare yourself to them and bring up negative feelings that you could otherwise avoid. It also could potentially upset your partner if you are constantly talking about this person from their past.

**3. Remember to trust your partner:** At the end of the day, the most important thing to remember when dealing with your partner's past is to remember that it is past, not present. Trust that your partner has changed from their past relationships and don't blame them for their actions in previous relationships. Trusting your partner will eliminate all of the stress and insecurity that comes with obsessing over their past.

## Cupid's Advice:

Even if we are not planning on going on a dating television show, it is still possible to find love in unconventional settings. However, these settings may cause us to feel closed off or skeptical. If you are looking for some ways to find love in an unusual setting, Cupid has some advice for you:

**1. Drop preconceived ideas:** When we find ourselves in a new setting, we often have preconceived ideas about what the people and experiences will be like once we arrive. In order to give the idea of finding love a fair chance, it is important to get rid of those preconceptions. Having a clean slate and open mind is the best way to find love in unusual situations.

If you are looking for ways to overcome the challenges of distance as a couple, Cupid has some advice for you:

**1. Meet in the middle:** One of the main reasons people do not want to uproot their life and move is because they are familiar with their current surroundings. It can be difficult to convince a person to leave their family and friends and move to a completely new place where they only know one person. But if both partners are willing to meet someplace in the middle, it would allow both of them to remain closer to home and to each other.

In a perfect world, your friends will love your partner as much as you do. Unfortunately, your friends may not be so supportive of your relationship. It can be hard to navigate a relationship when you don't feel supported. If your friends dislike your partner, Cupid has some advice for you:

**1. Hear your friends out:** Your friends (hopefully!) have your best interests in mind, so give them the benefit of the doubt. Give them a chance to explain why they don't like your partner.
