By [Melissa Lee](#)

This shocking film takes place in 17th century Amsterdam, when an orphaned girl is forced into an unhappy arranged marriage, resulting in her eventually embarking in an affair with the painter of a portrait that her husband purchases. The lovers decide to abandon everything they know and run away, entering the tulip bulb market in an effort to earn money to make their dreams come true.

Cupid has all the latest details on this scandal-filled movie, which shares some key relationship advice in this movie review:

Should you see it?:

Tulip Fever is another one of the summer's drama-romance films. This movie is absolutely chock full of scandal and shocking scenes, so be sure not to miss it.

Who to take:

This film would be great to go see with your friends! The cliffhangers will leave you all in awe, wondering what could possibly happen next.

Cupid's Advice:

In *Tulip Fever*, the wife of a powerful merchant decides to begin an affair and eventually run away with him. Though this movie is set in the 17th century, cheating should never be the way out of a relationship – if you're questioning how to end things with your partner, Cupid is here to offer some advice:

1. Be as honest as possible: If you spent a decent amount of time with your significant other, then they most likely deserve an honest explanation as to why you feel the relationship should end. Be honest about your feelings and maybe even the flaws that occurred, perhaps suggesting things they could do differently.

2. Try to leave things on good terms: Breakups can be rough, but leaving things civilly can be beneficial. There won't be

as much pain or sadness, and it can make the breakup process a little bit easier. At the end of the day, acknowledging your time together and knowing that it's ending for a good reason may help both of you move forward.

3. Don't rush into a friendship: If you decide to stay friends after breaking up, it's important not to just rush into this. Recognize that the two of you just spent a certain amount of time being romantically involved, and it won't be beneficial for either one of you to immediately rush into being friends.

Should you see it?:

This movie isn't exactly a romantic comedy, but it has hints of romance and controversy, along with a ton of drama. If you're looking for a shocking tale, this is the film for you!

Who to take:

Lady Macbeth is a serious film – it's not filled with comedy or cheesy romance scenes, so maybe it's not the best first date movie. However, it could be a good flick to go see with your girlfriends, or even a date with your partner.

Cupid's Advice:

In *Lady Macbeth*, Katherine is stuck in an unhappy marriage with a disapproving family. In an effort to find happiness, she begins an affair with another man, eventually deciding that nothing will stop her being truly happy. While this determination can be seen as admirable, she goes about it the wrong way, resulting in poor decisions and actions. If you're not happy in a relationship and trying to find contentment, like Katherine, Cupid has some tips:

1. Communicate: Similarly to a lot of other relationship problems, communication is key. It's time to figure out whether or not your relationship is worth saving, and it's important to both be honest with yourself and your partner. You should voice your thoughts and concerns, but don't force yourself to stay if you know you won't be happy.

2. Do things that make you happy: Compile a list of healthy activities that make you happy, whether it be painting, working out, or meeting up with friends. If you're doing positive things that enhance your mood, happiness will come more easily. Forming a routine with these activities can be ever more beneficial!

3. Be honest with yourself: At the end of the day, you know yourself better than anyone else. It's also important to put yourself first in certain situations. Don't be afraid to take

the necessary actions to make yourself happier at the end of the day, and don't feel like you're being selfish, either.

Alec Baldwin and Demi Moore engage in an affair in 'Blind'. How can you move on from an unfaithful relationship?

Cupid's Advice:

Untrustworthy partners are terrible to experience, but it's important to realize that you come out a stronger person after the relationship is over. Below are some tips on how to keep your life moving after the break-up:

- 1. Let yourself grieve:** Everyone's going to have different opinions, but it's critical that you let yourself go through the average break-up phases. Even though this one may hurt particularly bad, don't assume that you automatically have to move on because of that reasoning.

2. Don't blame yourself: Regardless of how you found out your partner was being unfaithful, it's *not* your fault. This was their choice and you should not believe that you could have done anything to make the situation better. When you come to terms with this, it may be a little easier to continue to move forward.

3. Try to stay positive: Even though it can feel like awful circumstances, try your best to stay positive. Or more importantly, realize that you're worthy of being in a sincere relationship and this person doesn't deserve you.

Movie Review: 'The Beguiled' Brings Back Historic Romance

By [Melissa Lee](#)

In Sofia Coppola's latest drama film *The Beguiled*, an all girls' school in Virginia during the Civil War is tossed upside down when the young women decide to shelter a wounded Union soldier. The result? A plethora of rivalries and sexual tension as the girls fight over the soldier.

Check out our movie review on *The Beguiled*, and go see it for [date night](#):

Should you see it?:

Coppola is known for her edgy filmmaking style, so this electrifying film surely won't be one to miss. Plus, stars like Colin Farrell, Nicole Kidman, Elle Fanning, and Kirsten Dunst star in it. Talk about some big acting chops!

Who to take:

This movie may be fun to see with your significant other, but it would also be great for a girls' night.

Sometimes it's nothing if not full of drama when you're competing with other girls for the affections of one guy. Is the drama worth the guy?

Cupid's Advice:

In this Civil War-era flick, the young women live a relatively normal life until they make the choice to take in a wounded soldier. His presence ultimately causes drama between the girls, which is a fairly common situation. How do you know when to cut the drama – and the guy responsible for it?

1. Reflect: As cheesy as it may sound, make a pros and cons list and think about how his presence has affected your life. Has he *only* caused problems? Is he a toxic person? Make the executive decision and figure out if he's being a positive influence.

2. Talk to friends: When you talk to friends that have your best interests at hand, they may be honest with you about whether or not they see this person's true colors. If they've noticed some shady activity, take their opinions into account too.

Related Link: [Relationship Advice: How Far Will You Go for a Relationship?](#)

3. Communicate: Having a calm, productive conversation about your concerns with this person may be beneficial, too. However, it's important not to forget your own viewpoint – don't let them sway you away from the fact that you are still questioning their motives.

some signs that your relationship is worth fighting for.

How can you pump some life back into your relationship?

Cupid's Advice:

Especially if you've been with the same person for quite some time, you can eventually get stuck into a routine with them. It may seem to you like the desire you had for them when you first started dating isn't there anymore. You've lost that spark, or connection. Well, if you want to revive what you deem a dead relationship, check out our advice below.

1. Take a look at yourself: Do you know how *you're* contributing to the lull in the relationship? Nobody wants to admit that they're personally responsible. You may think that it's much easier to blame someone else. However, before you start playing the blame game, take a look in the mirror.

2. Don't think about what's fair: You'll probably have to practice guiding your partner to a better relationship. It's unrealistic that it will come naturally. It's not fair, and it's going to take some work on your part, but it's what will save your relationship.

Relationships and love are meant to last. But, unfortunately, they can end prematurely due to one, or both, parties deception or cheating. 1. Excuses: If your significant other is usually ready to hang out but now constantly makes different excuses as to why he/she can't see you, they're probably cheating.

How do you know when it's time to move on?

Cupid's Advice:

Even some of the most heartfelt romances end in sorrow. In the case of Jamie and Cathy in *The Last Five Years*, their relationship sadly ended in divorce. It can be difficult to decipher whether you and your partner are just going through a rough patch, or if it really is time to break it off. Cupid has provided some insight on how you can tell when it's time to move on below.

1. The relationship brings more pain than joy: If your relationship is leaving you with more tears, anger, and frustration than joy and laughter, it's time to move on. Relationships aren't always going to be perfect, but you shouldn't constantly feel burdened or stressed out either.

2. You're the one making sacrifices: Relationships are a two way street. Being with another person means that you can't get everything you want. However, you shouldn't always be the one

changing plans or delaying future hopes and dreams. Both parties need to give a little.

3. You believe they'll change: Sometimes, people hang on to their significant other because they expect that what they're going through is just a "phase." However, we tend to forget that people grow and evolve over time. Don't expect the person that you married to be the same person 20 years from now. If who they are really bothers you, get out.

1. Update your schedule: Figure out which days of the week you're willing/available to spend time with your significant other.
