Keep Your Eyes Peeled For These Must-Watch Episodes and Love Advice

1. “Kiss and Tell” (Season 1, Episode 7): This episode marks the true start of Rory and Dean’s whirlwind relationship, as he gives Rory her first kiss in the middle of a grocery store aisle. Romance is rarely as glamorous and smoothly-planned as it seems on television, so this episode provides a refreshing take on this milestone and shows that it’s okay for love to be clumsy.

2. “The Breakup, Part 2” (Season 1, Episode 17): Seeing Rory utterly heartbroken over the end of her and Dean’s short-lived romance broke not only our hearts but also Lorelai’s. Attempting to overcome her split with a rebound kiss from the

irresistible Tristan, played by Chad Michael Murray, Rory shows us that sometimes nothing can heal heartache, not even a steamy lip-lock. Rory leaves Tristan to wallow at home, demonstrating that grieving is totally acceptable.

3. "They Shoot Gilmores, Don't They?" (Season 3, Episode 7):

This episode has everything: choreographed dance numbers, love triangles, and the start of Rory and Jess (who were actually a celebrity couple in real life for four years!). Although it's heartbreaking to see Dean call it off with Rory (again), watching Lorelai come and save the day reinstates that she's the best mom in the world. The episode reminds us that the end of one relationship opens the door to many others.

4. "Raincoats and Recipes" (Season 4, Episode 22):

Lorelai finally opens up her dream Dragonfly Inn for a test-run, and her life finally appears to be going uphill. On the opposite side, Rory uncharacteristically loses her virginity to Dean, who is married. All the while, Lorelai's parents admit to being separated. This episode is an emotional roller coaster from the beginning, and it lets viewers see how chaotic and confusing love can be.

5. "Written in the Stars" (Season 5, Episode 3):

This episode was long-awaited by many fans: Luke and Lorelai finally go on their first official date together. Luke proves to be more caring than he appears after he shows Lorelai he has saved the horoscope she gave him eight years ago. This episode proves that soulmates really do exist and that Luke and Lorelai are meant to be, even though it took an extremely long time for them to figure that out!

6. "Wedding Bell Blues" (Season 5, Episode 13):

On the 100th episode, Lorelai's parents rekindle their relationship and love and renew their vows, while Rory and Logan almost make their romance official. This episode highlights that every relationship can survive rough patches. After all, the

stubborn Emily and Richard were able to find their way back to each other again.

Cupid has the details on this humorous relationship movie!

Should you see it:

(family life with a job and retirement) with a humorous twist, *The Intern* will make you laugh while you learn something along the way.

Who to take:

This type of movie works great for date night, but it works even better for grown kids to go see with their mom or dad. You'll all be able to relate!

Cupid's Advice:

In *The Intern*, Anne Hathaway's character has to navigate how to manage the growth of her company while also balancing her home life with her husband and daughter. It can be tough to find that sweet spot between career and home life, and Cupid is here to help with some relationship advice:

1. Put together a long-term plan: Especially when you own your own company, you can call the shots. If you want to be successful, there's no doubt you'll have to put in some serious time at the beginning of your career to make it happen. Talk to your partner and let him or her know that you may be putting in some long hours the first few years of your new venture. Hopefully you can compromise with some give and take and make it work with your family life.

2. Set your priorities: It's important to make a list of your priorities, and then reassess them however often as is necessary. Remind yourself what's most important to you, and if you feel yourself diverging, make some changes. It's easy to make changes along the way than it is to get set into a routine and change things down the road.

3. Put in calendar time blocks: A good way to make sure you don't end up with back-to-back meetings well into the evening is to utilize an important calendar feature: time blocks. For example, you could give yourself a meeting from 6PM on every evening to ensure you'll be headed home to your family before dark.

How can you get over your partner's past?

Cupid's Advice:

When we begin to date someone new, we may have a lingering curiosity about his or her past; it's human nature! Everybody has to start somewhere. But, what if your partner's past wasn't as great as you expected it to be? What if he or she isn't interested in giving you details? Below is some dating advice and a few suggestions regarding how to get over their past.

1. Look at your own past: Take a good, hard look in the mirror and decide. Can you fairly judge this person? I'm sure there are a few items in your past that you're not proud of. Don't be so quick to point a finger or criticize.

How do you know when your relationship is worth fighting for?

Cupid's Advice:

Every relationship has ups and downs, but if you feel like your relationship has been on the decline lately, it can be hard to determine if now is the right time to let go. Especially if you've been with your significant other for years, you might not want to give up so quickly. Below are some signs that your relationship is worth fighting for.

1. Check the fundamentals: Relationships are built from trust, honesty, loyalty, commitment, and respect. If your relationship is missing any one of these elements, it could be a sign of trouble. However, if these building blocks are strong in your relationship, it might be worth hanging on to.

2. You're still attracted to them: Are the emotional and physical sparks still there? As you both mature in the relationship, bodies and minds change. Being both physically and mentally attracted to the person is important for a strong relationship. If the attraction is still there, you might not want to let go just yet.

3. You both want to work to save the relationship: You can't expect just one partner to do all of the heavy lifting. If you

Online Dating Site Celebrates Birthday: Match.com Is Turning 20!

This post is sponsored by Match.com.

By Meranda Yslas

The way people find relationships and love has been constantly evolving because of technology, and Match.com was one of the first companies to help with this change. After 20 years, this well-known online dating website has created over a quarter of a billion matches, started more than 10 million relationships, and helped “make” more than a million babies. If these numbers don’t convince you of Match.com’s reliability, then maybe a few online dating success stories can.

The First Successful Relationship and Love Story on Match.com

In 1995, at the start of the dating site, Bill and Freddi logged in online, not realizing they were going to be the first couple to meet on Match.com. The two had previous marriages that ended, and they were looking for that special someone. “After ending a five-year relationship, a friend told me I had to go on Match.com and meet someone my age and

eventually think about getting married again. I met many men and was just about ready to give up before I saw Bill's profile. He was exactly what I was looking for," shares Freddi.

Related Link: [Match.com Studies Singles in America](#)

After about a week of emailing and talking on the phone, the two finally met for a lunch date. But it was during the beginning of their second date that Freddi knew Bill was The One. She greeted him at the door with a paper bag over her head after getting a bad perm. "He laughed and loved it, and that was it! It was a done deal," she says.

After a few years of dating, Bill proposed to Freddi, and the two had their wedding on January 1, 2000. They have been married ever since.

Three Times Is a Charm: Persistence is Key When It Comes to Online Dating

Of course, Bill and Freddi are not the only success story from Match.com. CupidsPulse.com Founder and Executive Editor [Lori Bizzoco](#) also met her husband on the famous online dating site. Lori first tried Match.com around 1997 after a long-term relationship and love had ended. Although she met several men online, this type of dating was so new and unfamiliar that she didn't pursue it further. Around 2003, Lori's younger sister convinced her to try Match.com again and helped her set up a new profile. The site had grown tremendously since Lori had used it last, and she went on date after date. But when she still wasn't finding that special someone, she gave up on the online dating world for a second time.

Related Link: [Match.com Singles in America Study Breaks Down the World of Modern Relationships and Love](#)

It wasn't until 2006 when she and a friend took a trip to South America that she had a spiritual awakening and premonition that she would meet someone as soon as she got back from the trip and that they would be married the following year (needless to say, the friend she was traveling with thought she had completely lost it). As soon as Lori got home, she made a commitment to enter the process of looking for love with an open mind, and she threw away the long checklist that had been holding her back from finding Mr. Right.

Once again, Lori uploaded a new photo of herself to Match.com and updated her profile. She got dozens and dozens of messages. Within two days, she received a message from a man who she had gone on a date with three years prior but never returned his call when he asked her on a second date. She remembered that he was very successful, good-looking, and nice, but at the time, she wrote him off as not her type. She decided to give him another chance – and it's a good thing she did. They got along great, and NINE WEEKS later, he proposed! Today, Lori and her husband are still married and have two beautiful daughters.

Lori says, "Match.com is a great way to meet someone if you just open your heart to the opportunity and live in the moment. You may need to go on several dates, and it could take kissing a few frogs before you find someone special, but all it takes is just ONE person for a happily ever after."

Congratulations to [Match.com](https://www.match.com) on 20 years of matching couples and creating romantic relationships!

Gaiam Product Review: Stay Fit During Pregnancy with Desi Bartlett!

This post is sponsored by Gaiam.

By [Rebecca White](#)

Learning how to listen to your body is of the utmost importance, especially during pregnancy. While you're waiting for your bundle of joy to arrive, prenatal yoga will calm your mind, relax you, and build your endurance to prepare you for the journey of motherhood. To help pregnant women everywhere, Gaiam has teamed up with renowned yoga expert Desi Bartlett to create a new workout DVD called [Prenatal Yoga Workout with Desi Bartlett](#). With our product review, find out how you can stay calm throughout your pregnancy and learn some helpful love advice for you and your honey during this time!

Product Review of Prenatal Yoga DVD

Prenatal yoga can be very beneficial for your relationship and love life by keeping you stress-free, fit, and centered. However, it will be even *more* beneficial for your baby as he grows in your belly. "Prenatal exercise, including prenatal yoga, is associated with more efficient oxygen exchange for the baby as well as less clinical interventions during labor and delivery," Bartlett shares. "It helps with easier labor and delivery as well as recovery time after birth. A sense of calm, security, and trust in our bodies allows mama to remember that her body was designed for this."

Bartlett, who has over 20 years of experience and has worked with many celebrities, designed the prenatal yoga workout in two sequences so that women would be able to practice yoga in safe, effective segments while achieving inner tranquility. The first sequence is Strong Mama Yoga Workout, which is perfect for increasing strength and endurance, both of which are needed throughout pregnancy and labor. The second sequence is Cool Mama Sequence, which is a great way to maintain flexibility and connect to a deep sense of center and tranquility. Together, they take just over an hour to

complete.

The DVD, which currently sells for \$14.98, includes modifications for all three trimesters and allows for adjustments based on energy levels. It also features a warm up and cool down session as well as a Mommy and Me workout for after the baby is born – a quick, six-minute workout designed for new moms to connect with their baby.

Bartlett leaves us with three pieces of advice for staying fit during pregnancy: Don't forget to breathe; workout for five to ten minutes and see how you feel; and squat! "Enjoy your strength and work with it. If you are feeling more mellow, then allow for that, and take it down a little bit to accommodate your body's needs that day," she explains. "If there is a feeling of weakness, extreme fatigue, or nausea, it's time to stop and consult your medical professional."

Staying fit during pregnancy won't just make your labor and delivery easier. It'll help you bond with your baby and also ensure that you continue to feel sexy for your partner, improving your relationship and love life in amazing ways. You'll be surrounded by good energy before you meet your newest addition!

How can you pump some life back into your relationship?

Cupid's Advice:

Especially if you've been with the same person for quite some time, you can eventually get stuck into a routine with them. It may seem to you like the desire you had for them when you first started dating isn't there anymore. You've lost that spark, or connection. Well, if you want to revive what you deem a dead relationship, check out our advice below.

1. Take a look at yourself: Do you know how *you're* contributing to the lull in the relationship? Nobody wants to admit that they're personally responsible. You may think that it's much easier to blame someone else. However, before you start playing the blame game, take a look in the mirror.

2. Don't think about what's fair: You'll probably have to practice guiding your partner to a better relationship. It's unrealistic that it will come naturally. It's not fair, and it's going to take some work on your part, but it's what will save your relationship.

Related Link: [Is It Okay to Hoop Up With Your Ex?](#)

3. Be positive: Too often, we provide our partners with negative reinforcement. Now, it's time to change that. Be sure to thank your partner for doing the dishes, compliment them, and smile at them. These small gestures will go a long way.

How can you have the perfect life with your significant other?

Cupid's Advice:

No matter how hard we try to be perfect, relationships and love are filled with flaws. But, fortunately, if you work hard enough at your relationship, you can create a near perfect environment with your partner that is filled with trust and understanding. However, you need to commit to building your relationship every day so that it can stand the test of time. How does one hit the ground running? Find out below!

1. Be yourself from the beginning: If you begin the relationship by trying to be a Stepford wife, what's going to happen when you crack under the pressure? To ensure success, be yourself from day one. This way, your significant other will have proven that you deserve to be loved just the way you are.

2. Have a sense of humor: Life is going to be full of ups and downs. However, if you both are able to see the humor in the difficult situations that you go through as a couple, it'll make the hard times not seem so bad after all.

Related: [Relationship Advice Video: Why You're to Blame for Dating Losers and Jerks](#)

3. Give each other the benefit of any doubts: You've already built your relationship on trust. So, don't assume that your partner is doing something to irritate you. Maybe, they don't know that what they're doing is bothering you. Communicate to your partner what is bothering you without assuming the worst of them. Once it's out in the open, make adjustments.

One of the first steps of being able to love someone else is to learn how to love yourself. Yoga instructor, motivational speaker, and *Yoga Girl* author, Rachel Brathen, illustrates the importance of this love advice through her yoga programs. As she shares on her website, “My practice is all about self-love. I want people to come to their mat to be happy and to laugh.” In partnership with Gaiam, the fitness guru is offering two digital-only yoga collections: *Find Your Purpose* and *Release & Let Go!* With our product review, find out how you can become the best version of yourself in your everyday life as well as in your [relationship and love](#).

Product Review of Rachel Brathen's Digital Yoga Collections

The first of the two collections is called *Find Your Purpose* and is meant to “leave you feeling empowered, energized, and self-aware.” The skills gained from this yoga collection can put you on the path to loving yourself while simultaneously benefiting your relationship and love life. There are five 20-minute Vinsaya flow practices that are included in this collection, including the *Everything is Ok* flow, which is a calm and nurturing start for your day, or the *Rise & Shine* flow to give you that much-needed burst of energy in the morning.

The second collection from Brathen is called *Release & Let Go!* This program, which also features five 20-minute flows, is designed to target areas in your body where you hold a lot of tension. The yogi encourages you to “listen to what your body is telling you” with *The Shoulder Unfolder*, which targets the shoulders, neck, and upper back. Or you can work up a sweat with the *Twist & Shout*, a series that stretches your body to leave you feeling refreshed. Releasing this stress is an important part of loving yourself and becoming a better you

for your significant other.

Both of Brathen's programs are available to purchase on Gaiam.com for \$25 each or \$40 for both. They are available to use on a variety of platforms, including iOS, Roku, Chromecast, Mac, and PC. Since they're digital, you can practice yoga anywhere! So put on your cutest workout clothes, grab your yoga mat, and head to your sweetie's apartment to bond with him while doing these flows.

For more information about these two yoga programs, check out Gaiam.com. Stay tuned for our interview with Rachel about her new book Yoga Girl!
