Celebrity pregnancy in paradise! According to UsMagazine.com, famous couple Ashlee Simpson and Evan Ross are enjoying the Hawaii heat before their baby girl's arrival. Simpson rocked a leopard-print bikini, with her baby bump on full display. Her hubby was spotted giving the mommy-to-be a sweet belly rub. This celebrity couple can't wait for their first baby together and to grow their family. It will be Ashlee Simpson's second child after Bronx, her first child with ex-husband Pete Wentz. Bronx is ready and willing to take on the roll of big brother.

Ashlee Simpson appears to be having an amazing celebrity pregnancy. What are some nice ways a partner can help you feel more comfortable during pregnancy?

Cupid's Advice:

Though only one person carries the majority of the load during the pregnancy, the partner's role is just as important. Here are some tips on how a partner can support their love during pregnancy:

1. Comfort is key: Like Evan Ross, make an effort to make your partner feel good. Whether that be a nice massage or giving them the opportunity to rest through out the day. They are lucky to have you there for them during the 9 months of discomfort, make your presence known with little acts of kindness.

2. Help with planning: While your love is dealing with big body changes and emotional highs and lows you can take on the role of organizer. Make sure there is a plan for the big day. Have a bag packed with the essentials and transportation taken care of. There is nothing wrong with over-preparedness.

3. Just be there: I think you would be surprised by how much simply being there will help. Cupid understands there is work and friends and other elements of day-to-day life that get in the way. But there is no shame in taking a little time for

yourselves, like Simpson and Ross, take a little getaway trip before the baby arrives and enjoy the peacefulness together.

How do you decide when to start trying to have children post-marriage?

Cupid's Advice:

It can be tough to figure out the best time to have kids after your wedding. Cupid has some tips:

1. Think money: Babies are expensive, so it's important to make sure you are financially stable enough to have a child and take care of him/her.

Celebrity Couple Predictions: Ashlee Simpson, Khloe Kardashian and Mama June

By [S](#)

[hoshi](#)

For today's celebrity couple predictions, we're looking at three pairs who are in various stages of a relationship: one set of newlyweds, one rebound relationship, and one surprise split.

Ashlee Simpson and Evan Ross: When it was first announced that the former pop princess was engaged to the son of songstress Diana Ross, nobody thought the marriage would actually happen. Some wondered why the 26-year-old Ross was hitching himself to a single mother instead of going out and sowing his wild oats.

Despite the naysayers, the wedding took place earlier this summer in Connecticut.

What I think some people forget is Ross has probably seen and done a lot in his two and a half decades, far more than any of us may do in our lifetime. For Simpson, this is her second go at walking down the aisle; be sure that she learned a thing or two on how to make a marriage work.

The newlyweds will give this marriage a good run. They have great chemistry and look very happy together. Around the beginning of the year, expect a baby announcement from them; I see a beautiful daughter in their future. Family is very important to the both of them and will always be their priority.

Khloe Kardashian and The Game: If I had to be stuck in an elevator with a Kardashian sister, it would be Khloe. She has always been the one Kardashian who speaks in complete sentences and makes pretty good decisions – that is, until she started dating rapper French Montana. Finally, her relationship with him is over, a rebound love that lasted far too long. Now, the reality star is back to spending some quality time with rapper The Game. He seems to be her go-to guy after every break-up.

These two look like way more than just friends sitting around having tea. They are a good example of friends with a *lot* of benefits. It's kind of a shame that they're in such different places when it comes to what they want in a relationship. They would be good for each other, and they understand each other on many different levels.

It would suit Kardashian to take time away from dating to be able to truly heal from her divorce from Lamar Odom. It would be the best way for her to get grounded and figure out what

she really wants in a relationship. Hopefully, she gets it together soon and can have the marriage and baby that she desires.

Mama June and Sugar Bear: The separation of reality TV stars Mama June and Sugar Bear came as quite a shock. Honey Boo Boo's mom thinks that her husband has been cheating on her, so she kicked him out of the house. Turns out, he *has* been creating profiles on dating sites such as PlentyOfFish.com. Who knew that he was such a stud?

Mama June has taken off her wedding ring and let it be known that the two of them are taking some time apart to figure things out. I predict that she'll get a little makeover and spruce herself up a bit – nothing too glamorous but something new for her. She will even test the dating scene to see what comes her way.

At this time, it's unclear if their relationship will work out. The time away from each other will do them good. Mama June will actually enjoy being single, while Sugar Bear will miss having his family around. After all, sometimes, you don't know what you have until it's gone.

What are some advantages of getting married at home?

Cupid's Advice:

Getting married at one's home may not be everyone's piece of cake; some individuals want grand ballrooms for their guests to dance in, but for some getting married in one's backyard may just be the trick. Here are some pieces of advice from Cupid when considering a wedding at your home:

1. Free venue: Weddings are not cheap and if you are able to host the ceremony and wedding at home, do it! It's a great way to save money which you could then put back into the wedding in the form of favors or in more expensive food options.

How do you introduce your child to a new partner?

Cupid's Advice:

Finding romance with someone new is fun and exciting, especially after your previous one didn't work out like you had hoped. When you are happy in a new relationship you want to tell everybody and shout it from the roof tops, but how do you tell your child about your new beau? Cupid has some Advice on how to introduce you new partner to your child:

1. This is the next step in your relationship: First make sure your relationship is serious and solid enough with a potential long-lasting future. Children can become attached easily and if you break up your partner or they leave you, the child will suffer the loss as well. Introduce them to your new 'love' when your relationship is stable and in a good place.

2. Ease your child into your new relationship: Don't just drop this new relationship development in you life on them without giving your children the proper warning. Warm them up to the idea, by casually starting to name-drop this new romantic interest in your life and bring them up during your daily conversations. Mention how you have spent more time with a new friend, someone you would like them to meet very soon.

3. Choose the proper place for them to meet: The introduction between your new lovebird and child should take place where the child feels safe, happy and secure. If you introduce them during a time or place they feel distressed or frightened they will associate this new person in their life with that. If it is in a fun social environment, a place where they associate as the norm to meet new people, say the park, the child will feel more at ease and open to the idea of you and your new partner.
