Dating Advice On Making The First Move

If you're single and looking for your next relationship and love, then you know how hard it can be to approach a man without appearing desperate. Desperation is about neediness

and we all know that isn't attractive. Check out the expert dating advice tips below on how to approach a man.

1. Give value. Dating experts reveal that you need to have the mindset that you need to give the guy something. The first step to approaching a man is to bring something to the table, like being funny or having something interesting to say.

2. Compliments. Give out sincere compliments, because men love them and it feeds their ego. Again, you want to give the man good feelings.

3. Social touching. Don't be afraid to touch him. Touching is the next phase of acceptance, so if you touch his forearm, it lets a guy know that you're accepting him into your space. Maybe even touch his triceps and compliment his strength.

Then, you've come to the right place, because Matt Adams reveals his best love advice for how to get a man to value you. First, you cannot be needy! You can bait him with something, like a mysterious story. Say, "I'm so embarrassed, you'll never guess what I did today." Then, when he replies, you'll respond and say "Too much to text, call me later!" Now, you're setting him up to chase you a bit to get that missing information. It's vulnerable and yet mysterious. If they don't bite the bait, then they probably aren't as interested as you might think.
