#### **Cupid's Advice:**

Deciding if it is time to split from your current partner is one of the most difficult decisions to make in a relationship. It can be hard to tell your relationship has reached its end, or if you are simply going through a rough patch. If you are looking for ways to prolong your relationship, Cupid has some advice for you.

**1. Look to the beginning:** As a relationship progresses it tends to change, and there are likely some aspects that you have left in the past. By revisiting some of your favorite activities from when you first started dating, you may be able to rekindle the spark you are currently missing.

**2. Take a step back:** Sometimes we have to see just how much we will miss a person before we let them go. Try designating some time throughout the week for the both of you to spend alone and allow yourself to miss the other person's company. Taking a step back from your relationship is a great way of determining if your partner's absence brings you unhappiness

or peace.

**3. Seek professional help:** Involving a relationship professional is the perfect way to get another perspective on your relationship. Couples counseling makes it necessary for both people in the relationship to speak through their concerns and hopefully find solutions. A professional can introduce new communication methods that may be able to save your relationship in the end and get you back on the same page.
