Cupid's Advice:

Your wedding day is something you'll never forget, so naturally you want it to be perfect. Adding romantic touches to your ceremony makes your day all the more special and personal for you and your betrothed:

1. Words from the heart: The classic first step in customizing your ceremony and stepping up the romance is writing your own vows. Writing your own vows gives you the chance to tell your significant other how much they mean to you in front of all your friends and family, in your own words. It also gives you the opportunity to show who you are as a couple, as vows can be kept serious or you can squeeze a few jokes in there. And as a bonus, there's almost no way to mess up writing your vows, it won't take world's best writer to come up with heartfelt words for the person they are about to marry.

2. A creative welcome: If there is space in the area where your guests will be entering your ceremony location, consider putting something there. Collages of you and your significant other from childhood, or pictures of you two together. Maybe even consider putting a small polaroid camera there and a cork board so guests can snap a pic on the way in and hang them up for you to keep. Adding a personal touch before the ceremony even begins will set a great tone for whatever is to come.

3. Do away with rice: Typically at the end of a wedding ceremony, guests toss rice as the bride and groom make their way out to the car. This is yet another aspect of your ceremony that you can add a personal, romantic twist to. Instead of rice, have your guest throw something that is symbolic of your relationship. If you can both agree on a favorite flower, have guests throw those petals, or order confetti that is shaped like characters from your favorite movie. Romantic touches can be subtle!

How do you make your first kiss memorable?

Cupid's Advice:

Your first kiss should be a moment that you never forget. Cupid has some tips to make it special:

- 1. Who:** Don't let your first smooch be from just anyone. Save the moment for someone special so that you won't have to regret thinking about it every time you reminisce.
- 2. When:** It doesn't matter how old you are when you get your first kiss. It will be more enjoyable if you wait, so that it's not from the weird kid in your class during a game of spin the bottle or a guy you met drunk at the bar.
- 3. Where:** It doesn't matter where you are because butterflies are going to make your heart flutter and your head spin. Don't try to plan it out. Just relax and let it happen.
