Product Review: Prep for Your Next Date Night with the BeachWaver S1

Offering a unique spin on the traditional curling iron, the BeachWaver S1 has a ceramic barrel that rotates on its own. Created by acclaimed celebrity hairstylist Sarah Potempa, the curling iron performs at two different speeds (slow or fast) and also has a temperature range from 290 to 410 degrees. Faster speeds and hotter temperatures mean you can be out the door and ready for date night quicker than ever before!

Potempa developed this product specifically for women who have difficulty styling their hair. While the iron will do a majority of the work for you, it also gives you the feeling of being completely in control with an arrow button that provides rotation control as well as a home button that resets the clamp to the start position. No matter what type of hair you have, the BeachWaver S1 will leave you feeling glamorous and ready to take on the world!

With this styling tool, resembling your favorite celebrity's hair is no longer an unachievable goal. Whether you opt for loose and beauty waves like [Lauren Conrad](#) or defined, cascading curls like [Blake Lively](#), you'll feel like a star on your next date night.
