Cupid's Advice:

If you already have a child, you may be pondering whether it's a good idea to have another one. Cupid has some tips on how to know when you're ready for another child:

1. Timing is everything: When the time is right, you have to embrace it. Everything happens for a reason and things always fall into place. If your biological clock is ticking, then you should have another one if that is what you want. If you have the time to devote to caring for another baby and you are financially stable, then go for it!

2. Baby needs a sibling: Some parents choose to have multiple children so that their kids can grow up together and bond. When you already have one child, you need to decide if you want to have more. If you do, then start trying for another baby so that they can be similar in age and grow up together.

3. Your lifestyle allows for it: If you are a working parent outside of the home, but have the opportunity to work from home, then that would be a great time to have more children. If you have the energy, time, money and room for another baby, then you are all set. What is important is making sure that you and your partner are prepared. If your bond is strong, then you can make it work!
