## Dating Advice On How To Balance Your Love Life & A Booming Career

If you've ever wondered, "Can I really have it all?", these relationship experts are here to tell you that you can. We may not be able to have it all at the same time, but you can

balance your career and love life with these tips below.

**1. Prioritization.** Make sure you set priorities for yourself so you're happy with what you've accomplished, whether it be at work or in your personal life. Also, communicate what's important to you with your significant other and even your boss.

**2. Time management.** Need some dating advice? Start devoting time to your relationship the same way you do with work. Set boundaries and make sure you're not working 12-14 hour days, because that's not healthy. If you make a time commitment to someone, be there, whether it's with your friends or your partner.

**3. Communication.** Take interest in your partners day and ask about their coworkers, while sharing details about your own job. You'll feel connected and it will help you unwind after a stressful work day. But limit job chit chat, so it doesn't consume the relationship.
