Cupid's Advice:

If you just started adjusting to life with your new baby and are craving to give them a little sibling, then Cupid says go for it! While you must make sure you are financially stable enough to support two children, the advantages almost always outweigh the negatives when it comes to bringing a bright face into the world. Cupid has some reasons why having kids right after one another is beneficial:

1. They will automatically become best friends: It's nearly impossible for siblings of close age to not to be attached at the hip. They will develop similar interests and will always provide a shoulder to cry on for each other. As honorary twins, the two will share a connection that can't be explained.
