1. Be with someone who wants to be with you. The person you're dating should be able to tell you, without hesitating, that they're looking for the same things you are. The relationship experts revealed their dating advice that you need to watch out for the man who will pursue you one week and disappear the next.

2. Be a lovable person. Even though you may have had bad experiences in the past, don't be critical or downgrading of the man you're dating currently. That negatively isn't good for either of you!

3. Be patient. Don't let the fact that you're single consume you. Hang out with friends and family and do things to keep

you occupied. Just enjoy life as you are, have fun, do something different, and flirt. The worst thing you can do is stress over being single.
