to tie the knot?

Cupid's Advice:

Marriage is a very beautiful thing! You should always know the right reasons as to why you may want to tie the knot. Cupid has some tips to let you know the reasons:

1. The cost of living is cheaper: In most cases, it is true that once you get married, the cost of living becomes cheaper. Married people share almost everything, while single people have to buy their own things and end up paying for more.

2. Stability: Children tend to grow up in a more stable environment if their parents are married. Married couples are also able to show their children more attention, while a single parent may not always have the time.

3. Borrowed time: The longer you wait to marry your partner, the less likely it is that you two will tie the knot. That doesn't mean you should rush into marriage though! In these last few years, marriages are declining while cohabiting with a partner is becoming more common. You're less likely to marry if you two are waiting it out, and already living with each other.
