How do you deal with a jealous partner?

Cupid's Advice:

If your significant other is jealous, don't panic right off the bat. To some degree, it's normal. Most people have doubts

in a relationship because we can't always be at each other's sides every moment. Cupid has a few pointers to help you deal with your envious partner:

1. Trust each other: Probably one of the biggest keys to a healthy relationship is trust. Because you can't be with each other every second of the day, you need to believe in your partner when you're apart.

2. Talk it out: If your significant other is threatened by your close friends of the opposite sex, then you're going to have to have a sit-down to lay out some ground rules.

3. If you have nothing to hide, prove it: Some people are uncomfortable being open and honest (like showing their phones to their partners). It may put your mate at ease if you go above and beyond to prove your innocence, at least once in a while.
