Flirting with your love interest can be one of the hardest things to do. It can sometimes be awkward or uneasy, but it can also make your love life grow. Flirting is one of the best ways to further your relationship and to make it happen. If you are unsure or nervous, subtly flirting is a good way to see if there is potential! Use the pieces of [dating advice](#) below to get your flirt on and bring your relationship to the next level.

These pieces of dating advice will help you get your love interest to be yours! Check them out below!

1. Laugh at their jokes: Laughter is the best remedy for happiness, but it is also a key ingredient for subtly flirting with your love interest. Laughing shows you are focused on what they are saying and enjoy spending time with them. Even if the joke or story isn't so funny, giving it a little laugh will surely brighten your potential partner's mood and make them feel appreciated. If they feel comfortable around you and can share funny stories, that is absolutely a positive sign of things to come.

2. Use emojis: Emojis are not just for middle-schoolers or for those Facebook relatives who want to stay hip. They are a great way to enhance a conversation if you use them correctly. An important piece of love advice revolves around the fact that the two of you are communicating well and are spending time with each other to talk. So, if you are, emojis should definitely be part of the conversation over text. It may seem silly, but a heart emoji, a kiss emoji, or a heart eye emoji would be a hint that you want something more!

3. Like and comment: Social media is a great way to subtly flirt with someone. If your crush posts a photo on Instagram, or a tweet on Twitter, don't be afraid to like or comment on it! Your love interest may be looking to see if you liked it, and they may not think you are into them if you didn't like that recent selfie they posted. An important piece of dating advice is to make your potential partner happy. If you do that, your love life will blossom. Social media isn't just for those [celebrity couples](#)!

4. Snapchat: Snapchat, and snap streaks, are really good tools to use when trying to secretly get your crush to fall for you. If you look good in the snaps you send to them, you will certainly pique their interest. Snapping is easy, and by using some filters and facial recognition videos, you can have a fun and cute conversation. While the two of you build up a streak, you can be building a foundation for a relationship, too.

5. Compliments: Being nice is a great way to enhance your love life. Complimenting your love interest will also definitely help your chances! If you don't overdo it and don't make it extremely obvious, compliments are a great way to subtly flirt. There's a fine line between being too nice and just being casual. If you say, "You look good today", you should definitely be prepared for a comeback in case she/he says "Oh, so you're saying I don't look good most days?" It will probably happen the first few times, so be ready for a cute comeback!

6. The little things count: If the two of you are hanging out or going on friendly dates, the little extra things you do can go a long way. Buy smaller things like an ice cream, or a movie snack. Consider making them a nice gift, like a drawing. Don't be afraid about making things weird with something personal, or if you think you may be being too polite. There's no such thing as being too polite, especially if a relationship is in the future.

7. Dress well: The way you dress can say a lot about who you are and how you act. If you and your love interest are going out for a fun night out, a great piece of dating advice is to keep things casual. That being said, sweatpants and a sweatshirt to the movie theater may not be the best idea either. Your best bet would be to consider what the two of you will be doing and dress accordingly. Try to impress them; just don't wear a gown to the movies!
