Cupid's Advice:

Trusting a person is hard enough, but when they break that trust, it's a long road to trusting them again. Cheating especially causes a rift in a relationship. Cupid is here to help:

1. Honesty: If you aren't being loyal, the least you can do is admit your faults and come clean. Even if you do something wrong or hurt your partner, there has to be open and honest communication. When you lose that kind of connection, there's no going back.

2. Slowly let them back in: Don't go telling them your secrets and true feelings until you feel like they've earned it. Backtrack into the relationship as if you're starting fresh. Never forgive and forget.

3. Don't gloss over it: It's a big deal if your partner is unfaithful or has done something untrustworthy. You can't just ignore the fact that the trust between you is gone. Tell them how it really made you feel and that they're walking on thin ice, if that.
