Cupid's Advice:

Relationships can be hard to manage, but they can be even harder to balance. Somebody could be more into it than their partner and it could mess everything up. Cupid is here to help:

1. Have separate lives: Don't spend every waking moment together even if you've been dating a while. Go to your jobs, have different hobbies, and spend some date nights together. It's important not to forget who you are when you're in a relationship.

2. Stay in check: It's challenging to stop yourself from falling in love or lusting after your partner, but remind yourself to stay in check. Don't overlook flaws because you're into somebody. Be aware of who your partner is and if they're somebody you can see a future with.

3. Go slow: Learn what you can about your partner in the beginning to prevent surprises later. Discuss your family and his likes and dislikes before falling hard. Only then you'll know if he's worth getting serious over or if he's just a fling.
