This celebrity news has us getting drawn into Kardashian drama again! What are some ways to keep your relationship issues private?

Cupid's Advice:

There's no doubt that though relationship drama between the Kardashians may be entertaining, it's not very pleasant when you experience it yourself! Plus, it gets even more taxing when those around you know your private business. Cupid has some tips to keep things between you and your partner:

1. Avoid social media: Social media is good for a lot of things, but keeping your private life private isn't always one of them. Avoid social media when you've just had a disagreement with your partner at all costs. You may be tempted to air your dirty laundry, but you'll almost always regret it in the end.

2. Keep details from your friends: Again, it may seem therapeutic to air your frustrations to those closest to you, but resist the temptation! Often times, word will get around. Other times, your friends will simply get the wrong impression of your relationship and think it's bad all the time if you complain too much and fail to tell them about all the good things to balance it out.

3. Come to an agreement with your partner: The fact is, just because you don't tell people about any relationship issues you may be having, that doesn't mean your partner won't. When you're both calm, have a conversation about some relationship ground rules. Come to an agreement that you will not speak to those around you about any relationship issue you're having, unless you agree on it.
