## **There's another celebrity baby in the mix for Megan and Brian! What do you do if you find yourself pregnant and in the midst of a split?**

### **Cupid's Advice:**

Pregnancy can cause a shift in a relationship, and it's not always positive. It's one thing when you decide to have a child together, but when you realize you're pregnant in the midst of a split, it can get dicey. Cupid is here to help:

**1. Communicate:** Weigh your options with your partner (or ex-partner) and decide how best to handle it. Raising a child together is a big step, especially if you aren't on the best terms. Understand that you have other options, but don't make any decisions without them.

**2. Make it work:** Divorced parents and separated families make it work all the time. It isn't the easiest solution, but sometimes it's all you can do. Just try to be civil toward them for your kids and act accordingly in order to provide for them.

**3. Single parenting:** If the situation is really bad and you can't bear to be anywhere near your ex, try raising the child

on your own. The idea of a bad father being in the picture isn't good for anybody. With the help of your family, you can definitely have a strong support system without him.
