Gululu Interactive Water Bottle

Parents are always worried that their children don't drink enough water during the day. They're going to need to drink it at school during recess, at lunch, and even just as something to keep them hydrated throughout the day. Gululu, the new interactive water bottle, will help measure your child's water intake. With the help of some hydrated friends, Gululu links your child's water intake to the health of a virtual animated pet and makes staying hydrated an act of care giving. There's even a special app that helps you set hydration goals based on your child's age, weight and location. The incentive for this BPA-free, water-proof water bottle is that the closer your child gets to his or her water intake goal, the healthier that virtual pet becomes. The character on the water bottle will grow, collect treasure and explore "Gululu Universe." You can purchase this product starting at the [single pack](#) for \$99, or you can get various other packs, such as the double and family packs! This bottle is for ages 3 and up ... or if you're a parent young at heart!
